4/3/2020

North Miami Parents, Students, and Staff,

As updates and changes relating to COVID-19 are made that impact our schools, families and society, we want to assure you that we are doing our very best to keep you up to date with any new decisions that are being made.

Administration and staff have met to decide how to best address Governor Holcomb's executive order on April 2<sup>nd</sup> that all Indiana schools will be closed for the remainder of the 2019-2020 school year, and must complete 160 instructional days using distance learning. **As a result, we will alter our previous released schedule. Students will complete eLearning assignments 4 days per week Tuesday through Friday beginning Tuesday, April 14<sup>th</sup> and finishing on Friday, May 15<sup>th</sup>.** This will result in 5 weeks of distance learning instruction. In addition, under the direction of the IHSAA-all Spring Sports have been officially canceled for the 2019-20 school year.

We appreciate your continued support while our students complete these necessary e-learning days to finish our school year and understand these are challenging times in more ways than one and we will be working hard as we complete this school year. Please be patient with our teaching staff, our technology department, our administrators, and your children as we all work to navigate this together.

North Miami Community Schools will continue to offer free meals for our students. Our next pick-up will be available Thursday, April 9, from 4 – 6 pm in front of the High School. A huge thank you to Stephanie Owens and our food service ladies that continue to prepare and provide these meals for our students!

Pre-school and KDG registration is also now available online for the 2020-21 school year. Please refer to our Elementary website to register your future Warrior!

We will continue to provide updates online for resources regarding technology support and updates related to COVID-19. Building level communications will also be occurring regularly from Mr. Storm and Mrs. Galbraith next week in preparation for extended eLearning to begin.

The North Miami Community Schools family misses our students, but by working together and through the strength of this community we will continue to provide support and get through this. Please stay safe as we move forward during this unprecedented time.

Respectfully,

Kenneth Hanson
